| PREFACE | vii |
| ACKNOWLEDGMENTS | ix |
| NOTATION | xi |
| | |
| 1. Algebras, modules, and representations | 1 |
| Problems | 11 |
| | |
| 2. Group representations and characters | 13 |
| Problems | 29 |
| | |
| 3. Characters and integrality | 33 |
| Problems | 44 |
| | |
| 4. Products of characters | 47 |
| Problems | 59 |
| | |
| 5. Induced characters | 62 |
| Problems | 73 |
| | |
| 6. Normal subgroups | 78 |
| Problems | 95 |
| | |
| 7. T.I. sets and exceptional characters | 99 |
| Problems | 121 |
| | v |

| | |
|--|-----|
| 8. Brauer's theorem | 126 |
| Problems | 141 |
| 9. Changing the field | 144 |
| Problems | 156 |
| 10. The Schur index | 160 |
| Problems | 171 |
| 11. Projective representations | 174 |
| Problems | 194 |
| 12. Character degrees | 198 |
| Problems | 216 |
| 13. Character correspondence | 219 |
| Problems | 237 |
| 14. Linear groups | 240 |
| Problems | 260 |
| 15. Changing the characteristic | 262 |
| Problems | 285 |
| Appendix Some character tables | 287 |
| Bibliographic notes | 292 |
| References | 295 |
| INDEX | 297 |
