AMERICAN
MATHEMATICAL
SOCIETY

PROMOTING AWARENESS OF MATHEMATICS

The American Mathematical Society offers individuals the opportunity to engage in and support research, communication, and programs, and provides tangible benefits that nearly 30,000 members and the mathematical community worldwide value. AMS programs and activities are made possible through grants, contributions from individuals and organizations, revenue from publications and services, and investments.

There are many categories of memberships and *special dues rates for new members*.

For details on member benefits including *Notices of the AMS*, *Bulletin of the AMS*, *Headlines and Deadlines* email news service, and discounts on AMS publications and meeting registrations, see www.ams.org/membership

FEATURE
COLUMN

MATH
in the
MEDIA

MATHEMATICAL
IMAGERY

Mathematical Moments

Posters to promote appreciation and understanding of the role mathematics plays in science, nature, technology, and human culture.

Math in the Media

A monthly magazine with *Tony Phillips' Take*, *Math Digest*, and *Reviews*.

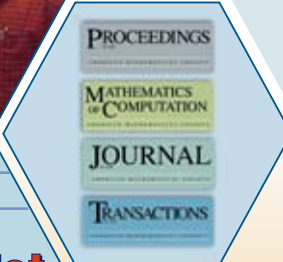

Mathematical Imagery

Resources on mathematics and art, e-postcards, and new featured works.

Feature Column

A series of essays on mathematical topics.

PUBLISHING FOR RESEARCHERS AND STUDENTS

MathSciNet
Mathematical Reviews
on the Web

Books

Over 3,000 titles in print—monographs, textbooks and proceedings—and distributed books of other societies and publishers

Journals

Journal of the AMS
Mathematics of Computation
Proceedings of the AMS
Transactions of the AMS
in print and online; electronic only journals, translation journals, and journals distributed by the AMS

Mathematical Reviews

MathSciNet, the electronic version of the MR database, includes over 2 million items from 1,800 journals and links to over 723,000 original articles.

ENCOURAGING YOUNG MATHEMATICIANS

High School Students

- Epsilon Awards
- Menger Awards
- Arnold Ross Lectures
- Who Wants to Be a Mathematician ...

Undergraduates

- Frank and Brennie Morgan Prize for Outstanding Research
- Math in Moscow Scholarships
- Trjitzinsky Awards
- Assistantships and Graduate Fellowships ...

Graduate Students

- Employment Assistance
- Project NExT Fellowships
- AMS-AAAS Congressional and Media Fellowships ...

Career Information

- Early Career Profiles Network
- Careers in Mathematics video ...
